574/45 Le Hong Phong, Phu Hoa, Thu Dau Mot, Binh Duong, Ho Chi Minh

CAREER OBJECTIVE

Final-year Information Technology student seeking an internship opportunity in software development. Eager to gain hands-on experience by contributing to real-world projects and participating in the full software development lifecycle within a professional environment. Looking to strengthen technical skills, accumulate practical experience, and pursue long-term career growth in the IT industry.

SKILLS

- **Core Stack:** Angular, NestJS, MariaDB
- **Familiar With:** Linux, Docker, Nginx, AWS, Git, Redis, Oauth2

WORK EXPERIENCE

2023 – Present (~3 years) | MindX Technology School — Programming Instructor (Part-time)

- Delivered structured programming courses (Scratch, Python, Web basics) to students from primary to high school levels.
- Designed hands-on lessons and guided students through mini-projects to develop logical thinking and problem-solving skills.
- Evaluated student performance and provided detailed feedback reports to parents.
- Participated in grading and standardizing assessments across classes.
- Conducted trial classes and onboarding sessions for new students.

2024 – Present (~2 years) | Thu Dau Mot University — Scientific Research (Web Development)

- Contributed to university research projects involving web application development (frontend/backend).
- Implemented features using Angular and NestJS; supported debugging, testing, and system optimization.
- Collaborated within a team following structured development and evaluation processes.
- Gained experience in end-to-end product development, from implementation to validation.

PERSONAL PROJECTS

2024 – 2025 | Coderank — AI-powered Programming Learning Platform

Tech stack: Angular, NestJS, MariaDB, …

Description:

- Developed a programming learning platform with courses and coding exercises (C++, Python).
- Built an automated submission and grading system.
- Integrated AI-based chatbot to assist users in solving problems, analyzing errors, and improving learning efficiency.
- Achieved **95/100 score**, ranked **Top 2 in faculty**.
- Resulted in **1 scientific publication** presented at faculty-level conference.

EDUCATION

2022 – Present | Thu Dau Mot University | Information Technology | GPA: 3.2 / 4.0

ACHIEVEMENTS

- **Student Programming Contest (Thu Dau Mot University):** 9th – Consolation Prize | 10th – Consolation Prize | 11th – Third Prize
- **Information Security Contest (Thu Dau Mot University):** 3rd – Consolation Prize
- **Scientific Research (Thu Dau Mot University):** 2024 – 3 projects scored above 80 | 2025 – 1 project scored 95
- **Scientific Publication (Thu Dau Mot University):** 2025 – 1 paper published at a faculty-level conference
